

Dear Valued Patient,

We hope this letter finds you well. We wanted to take a moment to inform you of an important update regarding our insurance network here at [Clinic Name].

Effective [Date], there will be a shift in our affiliation with the [Insurance Network Name]. While we will continue to honor your insurance coverage, it's essential to note that our participation will no longer extend exclusively to the [Insurance Network Name].

Rest assured, we remain committed to ensuring your access to quality dental care. Despite this adjustment, we are still affiliated with several other networks, allowing us to accommodate various insurance plans. Our decision stems from our unwavering dedication to prioritizing your well-being over bureaucratic constraints.

Regrettably, recent developments have altered our relationship with [Insurance Company Name]. Rather than being recognized as your trusted personal dentist, I am now categorized simply as a "provider" within their system. Consequently, adhering to their guidelines supersedes tailoring treatments to your individual needs.

Nonetheless, we want to emphasize that you remain a valued member of our dental family. While there may be slight adjustments to the rates applicable to your care, we have conducted thorough research to ensure that any additional costs are minimal compared to the benefits gained from this transition.

To ease the transition further, we will conduct a complimentary benefits check to outline the precise impact on your coverage. Should your insurance exclusively align with the [Insurance Network Name], we will express our gratitude for your loyalty by extending a ____% discount for the duration of your policy. This gesture is our way of acknowledging your continued trust and support.

If you have any inquiries or require further clarification, please don't hesitate to reach out to us. We deeply appreciate the trust you've placed in us for your healthcare needs and eagerly anticipate serving you for many more years to come.

Warm regards,

Dr. [Your Name] & Team
